Welcome to the 2018 Windsor-Essex Vital Signs® report

This is the sixth Vital Signs® report published by the WindsorEssex Community Foundation (WECF) in partnership with Community Foundations of Canada. It wouldn't be possible without the support of our sponsors and partners. Thank you to all members of our community who took the time to fill out the survey, share it, promote it, and to those who are reading it now. We encourage you to use this tool to identify priorities to help guide our region's resources and planning.

We thank each and every one of you for your interest and support of the Vital Signs® program. We hope this report will reaffirm what makes Windsor-Essex a great place to live, work, play and grow.

Lisa Kolody
 Executive Director

How to read this Report

The data presented in this report is organized into 11 issue areas, and within those areas, local, provincial and national data is presented.

GRADES: Letter grades are shown within each issue area representing the views of survey respondents from Windsor (CMA), Essex County, and those that identified themselves as being aged 65 and over (seniors), or aged 24 and younger (youth).

WHAT YOU SAID: In the Vital Signs® survey, respondents were asked a series of questions pertaining to the 11 issue areas. This section highlights the results of those questions.

TOP PRIORITIES: Survey respondents were asked to select the top priority for each issue area. This section highlights the top answers for each issue area.

DID YOU KNOW: This section includes information on local news to help inform the community on what exists in our region.

How can I use this report?

The Vital Signs® report is a starting point for further conversations. It is intended to inform the community on our priorities in order to better direct our region's resources and planning. First, read the report – draw your own conclusions and thoughts about the direction of our community. Second, share the report – talk to your friends, family and colleagues about the findings in the report. Lastly, use the report – access the programs and services outlined in the report or develop programs and services to meet local needs.

Who can use this report? EVERYONE!

Teachers: Introduce this report to your students to engage them in our community. Discuss with your students the ways they can help create change.

Politicians: The Vital Signs® report is a great tool to understand the needs of our community. Let Windsor-Essex residents know their voice is being heard.

Charities: Create programs and services that respond to the needs in this report. Inform board members and volunteers on the needs of our community.

Families: Access the programs and services outlined in this report. Take advantage of this knowledge – explore what Windsor-Essex has to offer.

Celebrating
 35 Years of Inspiration

About Windsor-Essex

Population

Windsor-Essex: 398,953

Windsor (CMA): 329,144

Essex County: 69,809

Statistics Canada defines our area as the Census Division of Essex County which includes the Census Metropolitan Area, Windsor (CMA). The Windsor CMA consists of: Amherstburg, Lakeshore, LaSalle, Tecumseh, and Windsor.

As part of the Carolinian Life Zone, Windsor-Essex has more biodiversity and more endangered species than anywhere else in Canada.

References: Statistics Canada Census 2016, National Household Survey 2011

About Our Survey Respondents

Income

- 14% \$0 - \$19,999
- 15% \$20,000 - \$39,999
- 20% \$40,000 - \$59,999
- 15% \$60,000 - \$79,999
- 20% \$80,000 or more
- 13% Decline to answer
- 3% Not Applicable

Essex County	C
Seniors	C
Youth	B

What You Said:

When asked if there are both educational and employment opportunities for newcomers in Windsor-Essex,

52% of respondents said we're doing okay/ we're on the right track.

Is Windsor-Essex welcoming to newcomers?

53% of respondents believe that we're on the right track/ we're doing great.

What You Said:

98% of respondents said that Lake Erie's health is either extremely or moderately important

Environment

Windsor C
Essex County C
Seniors C
Youth C

Top Priorities

Improving air quality **29%**

Improving resiliency to climate change **14%**

Improving water quality **13%**

Did You Know?

The Town of Tecumseh received the Robert Pullyblank Award for Municipal Environmental Achievement from ERCA in January 2018. This is the second time the Town has been recognized. The award acknowledges the work the Town has completed in environmental stewardship.
www.tecumseh.ca

The Jack Miner Migratory Bird Foundation received a grant on behalf of a fund holder at the WECF to support further development of the south pond to include interpretive panels and plantings, and for the development of a viewing platform and educational display panel.
www.jackminer.ca

The western basin of Lake Erie is the heaviest impacted part of the entire Great Lakes watershed, and despite significant efforts and improvements, continues to experience Harmful Algal Blooms as a result of land use activities, intensification, and climate change.

When it comes to Windsor-Essex having enough green spaces

59% of respondents said that we are doing okay/ we are on the right track

Regarding the air quality in Windsor-Essex,

36% of respondents said that improvement is needed

34% believe we are doing okay

Every five years, the Essex Region Conservation Authority (ERCA) releases a Watershed Report Card as a summary of the state of our forests, wetlands, and water resources. The 2018 report is available at:
www.essexregionconservation.ca

In 2017, ERCA planted and distributed over 100,000 trees, totaling 92.5 acres of forest, tall grass prairie and wetlands restored; and undertook 51 projects to improve water quality.

After planting over 6.3 million trees, natural area cover in the region has only increased from 3.5% in 1973 to 8.5% – still a long way from the United Nations goal (12%). Green spaces and wetlands are vital for wildlife and habitats, cleaner lakes and rivers, healthy communities, and as resilience to impacts of increased flooding and climate change.
