Welcome to the 2017 Windsor-Essex Vital Signs® report

When it comes to the quality of life in Windsor-Essex, people feel we're doing okay, but there's always room for improvement. The WindsorEssex Community Foundation (WECF) is proud to be one of 32 Canadian community foundations actively participating in the 2017 Vital Signs program, and one of over 80 community foundations engaged globally.

This report is a valuable resource for the Windsor-Essex community made available every October. This report presents data from the annual Vital Signs survey, and compares it to local, provincial and national data on important issues regarding the quality of life in Windsor-Essex.

The WECF is working closely with Community Foundations of Canada to bring more awareness around sense of belonging and what that means for Windsor-Essex. In May, the WECF hosted a community conversation on Sport and Belonging that resulted in a Vital Brief on the outcomes of the conversation. The WECF is looking forward to bringing a second conversation to the Windsor-Essex community on Getting Started and Sense of Belonging.

This report would not be possible without the support of our premier sponsors: TD and the Windsor Star. In addition, we want to thank our page sponsors: Windsor Family Health Team, Canadian Mental Health Association Windsor & Essex County Branch and Family Services Windsor-Essex. Thank you to our supporting sponsors: the Art Gallery of Windsor, the Town of Lakeshore, and the Multicultural Council of Windsor & Essex County. Our work is enabled by our partners.

It would be remiss not to mention all the people and organizations who assisted us with outreach of the Vital Signs survey, and all of you who took the time to complete the survey in its entirety—thank you! It is with your assistance that the WECF is able to bring our community together to make it even better!

We thank each and every one of you for your interest and support of the Vital Signs program. We hope this report will reaffirm for you what makes Windsor-Essex a great place to live, work, play and grow.

Lisa Kolody,
 Executive Director

Methodology

Data

The national, provincial, and a portion of the local data presented throughout this report was provided to the WindsorEssex Community Foundation (WECF) through Community Foundations of Canada. The remainder of the local data was collected by the WECF. Questions presented through the Vital Signs survey were selected based on priorities outlined in last year's Vital Signs report, as well as on issues important to the Windsor-Essex region. The WECF tries its best to present valuable and all-encompassing information to inform the Windsor-Essex community – we do not give preference to specific organizations or people that may be mentioned throughout this report. The WECF would like to thank Kyrsten Solcz for facilitating this report.

Survey

Only those surveys completed in their entirety, and by those who consented to participate, were included in the results. There was no set age range for survey respondents. The survey was administered online, and paper copies were distributed as requested. To ensure maximum reach of the survey, the WECF made site visits around Windsor-Essex to administer the survey to different demographic groups.

How to read this Report

The data presented in this report is organized into 11 issue areas, and within those areas, local, provincial and national data is presented.

GRADES: Letter grades are shown within each issue area representing the views of survey respondents from the Windsor (CMA), Essex County, and those that identified themselves as being aged 65 and over (seniors), or aged 24 and younger (youth).

WHAT YOU SAID: In the Vital Signs survey, respondents were asked a series of questions pertaining to the 11 issue areas. This section highlights the results of those questions.

TOP PRIORITIES: Survey respondents were asked to select the top priority for each issue area. This section highlights the top three answers for each issue area.

DID YOU KNOW: This section includes information on local news to help inform the community on what exists in our region.

How can I use this report?

The Vital Signs report is a starting point for further conversations. It is intended to inform the community on our priorities in order to better direct our region's resources and planning. First, read the report – draw your own conclusions and

thoughts about the direction of our community. Second, share the report – talk to your friends, family and colleagues about the findings in the report. Lastly, use the report – access the programs and services outlined in the report or develop programs and services to meet local needs.

Who can use this report? EVERYONE!

Teachers: Introduce this report to your students to engage them in our community. Discuss with your students the ways they can help create change.

Politicians: The Vital Signs report is a great tool to understand the needs of our community. Let Windsor-Essex residents know their voice is being heard.

Charities: Create programs and services that respond to the needs in this report. Inform board members and volunteers on the needs of our community.

Families: Access the programs and services outlined in this report. Take advantage of this knowledge – explore what Windsor-Essex has to offer.

Respondent Current Residence:

In 2016, the share of youth (under 14) in the total population was 17% in Windsor (CMA) and 19% in Essex County.

In 2016, elderly people (65 and over) represented 17% of the population in Windsor (CMA) and 13% in Essex County.

Top Priorities

Increasing opportunities for people to feel included and connected **34%**

Providing more initiatives to increase life satisfaction **30%**

Creating initiatives to improve voter turnout **17%**

What You Said:

Respondents were asked if people in Windsor-Essex have a high level of life satisfaction

66% feel we're on the right track or doing okay.

In 2014, the proportion of the population 12 years and over who reported being satisfied or very satisfied with life was 87%. This rate was lower than both the provincial (91%) and national (92%) rates.

When it comes to people in Windsor-Essex actively volunteering or donating to charities

65% feel we're on the right track or doing okay. **16%** feel we're doing great.

In 2015, the proportion of tax filers who gave charitable donations in Windsor (CMA) was 22%. This rate was higher than the provincial average (21%), but lower than the national rate (22%).

In 2015, the median charitable donation given by donors in Windsor (CMA) was \$300. This rate was the same as the national average, but just below the provincial average (\$350).

Respondents were asked if they feel they have a sense of belonging to Windsor-Essex—feeling included and connected

44% feel we're on the right track or doing great. **35%** feel we're doing okay.

In 2014, the Windsor-Essex County Health Unit reported that the proportion of the population who reported a strong or somewhat strong

sense of community belonging was 67%. This rate was just a bit lower than the provincial rate (68%), but higher than the national rate (66%).

Did You Know?

The Essex County Libraries offer an array of programming that encourages sense of belonging, including family and baby story-time, craft sessions, and art lessons.

The 920 Ouellette Lunch Club, launched by Feeding Windsor, is providing residents with a healthy lunch Monday to Friday weekly, providing residents with food and an opportunity to connect.

The Greater Essex County District School Board is working to implement programs and services dedicated to Indigenous education to be more inclusive for the over 470 students within the board who have self-identified as Indigenous.

Craft Heads Brewery offers Language Exchange events every Thursday—providing people with the opportunity to make friends while practising language speaking.

When it comes to people in Windsor-Essex voting in elections

49% feel we're on the right track or doing okay. **22%** feel this needs improvement.

In 2015, the rate of voter turnout (federal elections) was 61% in Windsor (CMA). This rate was lower than both the provincial and national rates (68%).

Did You Know?

- Windsor will soon be one of three cities in Canada to offer a transitional home for Muslim Women.
- The Downtown Mission of Windsor opened the Wellness Centre providing 74 beds. The facility also offers a separate place for women and children.
- Windsor-Essex Housing Connections, led by Family Services Windsor-Essex, is a collaborative effort to end chronic homelessness. It provides multiple types of services for people who are currently experiencing homelessness or are at-risk of losing their home.
- The WECF presented a Fast-Track Grant to Windsor Residence for Young Men (WRYM). WRYM provides transitional housing for young men while simultaneously helping them learn essential life skills.

In 2016, the overall crime per 100,000 population was 4,820 in Windsor (CMA). This was higher than the provincial rate (4,032), but lower than the national rate (5,905).

In 2016, the youth crime rate (total charged youth per 100,000) was 722 in Windsor (CMA). This is a decrease of 231 from 2015. The 2016 rate was lower than both the provincial (1,606) and national (2,014) rates.

In 2016, the total property criminal code violations per 100,000 people was 3,104 in Windsor (CMA). This was higher than the provincial rate (2,287/100,000), but lower than the national rate (3,207/100,000).

Reference: Statistics Canada, CANSIM Table 252-0075-252-0082.

Top Priorities

Reducing the use of illegal drugs **28%**

Expanding social programming for at-risk individuals **21%**

Reducing crime levels **18%**

Did You Know?

- Windsor Police Services, Essex County OPP, LaSalle Police, and Amherstburg Police in partnership with local English and French Public and Catholic school boards launched a campaign this year to distribute information pamphlets to educate local youth and their families on the rising fentanyl crisis.
- In February, Windsor Police Services (WPS) received a grant to enhance response to victims of sexual violence and harassment. The grant will allow the WPS to create an online reporting tool to make the complaint process more efficient and private.
- The Ontario Provincial Police in partnership with the Town of Tecumseh launched Project Safe Trade—a pilot initiative to create community safety zones by providing public parking spaces for online transactions to take place.
